

## UI Department of Dance Concert Attendance Requirement (Fall 2024)

All students registered for **Dance Technique** classes (Majors and Non-Majors levels) at the UI Department of Dance are required to attend a minimum of three different concerts during the semester.

Concert attendance will fulfill a requirement that contributes to 10% of a student's grade for the class.

1. At least **one** concert must be a Department of Dance event.
2. More information for fulfilling this requirement may be required by the class instructor and may include post-performance discussions, papers, etc.
3. Students may not count more than one performance of the same concert among their required two concerts. For example, if you attend two performances of Faculty/Graduate Concert, that counts as one concert.

Concerts that are eligible for concert attendance credit are listed on the [Dance Credit](#) page on the [Performing Arts at Iowa Events Calendar](#).

Satisfying the Department of Dance Concert Attendance Requirement:

1. All students must swipe their Iowa One Card (UI ID card) **twice** during each performance.
  - a. Swipe once upon arrival and then again at the conclusion of the performance.
    1. The system only registers attendance for students enrolled in a DANC course.
    2. If a student scans their ID card and the screen displays a red X, they can either manually type in their University ID NUMBER, or they should notify an usher who will keep a list of "unscannable" University ID Numbers.
2. Instructors will use attendance records provided at the end of the semester to determine if students have satisfied the concert attendance requirement.

What if I am performing in the concert?

1. During one or both of the Dress Rehearsals, sit in the house and watch as many of the works as you can from the front.
2. Send a link to the virtual playbill to your instructor, showing your name and the work in which you performed. Please go to <https://virtualdance.studio.uiowa.edu/> to find your playbill.

What if I am performing a run crew job in a concert?

On one of the performance nights when you are working, please scan your ID at the attendance kiosk before and after the performance to receive attendance credit.

What if I am registered for more than one class that requires concert attendance? Do I need to see two concerts for EACH class I'm taking?

1. For **Dance Technique** classes, **only three dance concerts** are required for Fall 2024.
2. Remember: the specifics of completing the requirement (i.e. papers, discussions, etc.) may be different for each class.
3. Note: submitting identical papers for two different classes is considered plagiarism.
